Our Care Philosophy

Commitment

As a non-profit charitable organisation, meeting the needs of our residents is our reason for being. Our profits are reinvested to develop improved care and services and to continue providing a high ratio of staff to residents.

Care

We understand that our residents are seeking a more attentive level of care that respects their dignity and individuality, and nurtures all aspects of their wellbeing; including their physical, social, mental, emotional and spiritual needs.

Comfort

With spacious, well-appointed, premium rooms, Shalom Court offers a high level of comfort, security and peace. A range of activities nourishes body and mind, while our location overlooking St Johns provides a peaceful environment.

Committed to care. Committed to comfort.

Shalom Court is a boutique, 26-bed rest home and hospital based in St Johns, Auckland, with a reputation for delivering excellent, personalised, faith-based care. As a non-profit, we're committed to ensuring our residents receive highly attentive care, kindness, compassion and respect, so they can live a more comfortable and fulfilled life.

Guided by purpose,
not profit, we enhance the
quality of life of our residents
through personalised,
specialist rest home and
hospital-level care.

Care Options

Rest home care

As a boutique aged-care facility, we specialise in caring for older people whose health is declining and who require a greater level of support and care than they may be receiving in their own home or retirement village. Our caring, attentive staff provide high quality care that supports residents to live comfortably and enjoy life, as best they can.

Purpose-built,
premium rooms

Care and support
as needed

The level of care is amazing.
Even when they're busy, someone is
never far away. The staff are lovely
and I feel very much at home.

Charlotte, Resident

Hospital Care

Shalom Court provides premium hospital and palliative care to older people who have been assessed as needing long-term support, including respite and convalescent care. With spacious, purpose-built hospital rooms, our medical and pastoral staff specialise in caring for those with significant medical issues or cognitive decline, who require assistance with most or all personal care and daily activities.

✓ Purpose built,
premium rooms

✓ High level
care

The atmosphere is warm, friendly and comfortable and the staff are very caring and attentive – they're good company.

”

Leslie, Resident

Shalom Court is working towards becoming one of just a few fully registered Eden Alternative facilities in Auckland. The Eden Alternative is a transformative care philosophy that addresses loneliness, isolation and boredom among older people by creating a more home-like environment.

Our priority is to ensure that our residents live a comfortable and full life, as best they can. Our staff are highly trained, caring and compassionate: they're here to help.

”

Marc Augusto, Manager

We welcome long and short-term care enquiries. Feel free to email us or give us a call.
